LYNX AVIONICS HEADSETS

REPLACEMENT EAR SEALS (TYPE 1B – FOAM)

REF: E046-1 08-06-04

INSTALLATION INSTRUCTIONS

1. Remove the original Ear Seal by placing three fingers inside the seal and gently lifting one side.
2. Fit the new Ear Seal by placing the seal in position and pressing in one edge first. Press in the remaining edge to complete the installation.

NOTE:

When re-assembling the headset, make sure that the speaker wire and the microphone wire are correctly positioned.
